

## PRAYER

Night is near, the moonlight's on the rise  
All the world is standing still tonight,  
Looking for a way to free the mind,  
Going on, holding on.

Longing to pray, longing to hold  
Is there a light of hope, here in the dark?

Close my eyes, I let the night step in  
All around me the silence in the wind.  
Many moons have shone down from the sky,  
Hear my call, hear my cry.

Nowhere to hide, nowhere to run  
You are the light of hope.

**Ave Maria, hear my longing, hear my prayer**  
**Ave Maria,**  
**Ave Maria, hear my call, hear my prayer**  
**Ave Maria...**

Weeks and days, the time just flying by  
But my wish is always deep inside me  
You alone can see inside my heart  
You alone, all along  
I want the courage to understand  
All that is meant to be.

**Ave Maria, hear my longing**  
**Hear my prayer**  
**Ave Maria...**

**Ave Maria**  
**Hear my call, hear my prayer**  
**Ave Maria...**

**Ave Maria**  
**Hear my call, hear my prayer**  
**Ave Maria...**

Ah...  
Mm...Mm...Mm...
