

YOU ARE THE ONE

Life gives one chance
I had my plans
But you appeared stealing my heart
And then I knew you were the one.

**There's no better place than to be near you,
There's nowhere on earth I'd rather be
You make me smile like no one else
You light my heart up every day!**

When the dark clouds make our days grey
And the bad news come our way
We can find strength in each other,
Take one step, one day at a time.

We're strong together,
We'll find our way,
I recognised moment I met you,
You are the one I waited for.

**There's no better place than to be near you
There's nowhere on earth I'd rather be
You make me smile like no one else
You light my heart up every day!**

When the dark clouds make our days grey
And the bad news come our way
We can find strength in each other
Take one step, one day at a time.

You hold my hand
And give me strength
I never knew such love existed
But I had seen you in my dreams.

**There's no better place than to be near you
There's nowhere on earth I'd rather be
You make me smile like no one else
You light my heart up, yeah!**

**There's no better place than to be near you
There's nowhere on earth I'd rather be
You make me smile like no one else
You light my heart up every day!**

**There's no better place than to be near you
There's nowhere on earth I'd rather be
You make me smile like no one else
You light my heart up every day!**
